France – Norway Technology Partnership Solutions for Cleaner Energy Conference

The objective of this French – Norwegian event is to manifest the close relationship between France and Norway in the energy industries (oil, gas and renewable technologies).

This is a follow up of last year's success addressing the implementation of digital solution in our industries. The objective of this year event is to get more insight into how our industry develop solutions that minimize impact on the environment, both in oil and gas and also by applying solutions for offshore wind energy.

The event is a joint Evolen – NORWEP event in cooperation with the French – Norwegian Chamber of Commerce and with the support of the Norwegian Embassy and the French Wind Energy Association.

08:45 - 09:15 Registration & light breakfast

Keynote Session

Plenary

Chair: Mr Dominique Bouvier, President Evolen

Co-Chair: Mr Werner Karlsson, Regional Director, Norwegian Energy Partners (NORWEP)

09:15 - 09:45 **Opening remarks:**

Mrs Elisabeth Berge, General Secretary and Head of the Norwegian Ministry of Petroleum and Energy

Mrs Virginie Schwarz, Director for energy, Ministry of ecological and Inclusive Transition

09:45 - 10:05 **Nexans** - Nexans' Oil & gas and Energy competence and capabilities creating opportunities in Renewables

Mr Vincent Dessale, Senior Executive VP Subsea & Land Systems

10:05 - 10:25 **Equinor** - Building an industrial position in new energy solutions

Mr Jannik Lindbæk, Vice President and Head of EU Affairs

10:25 - 10:45 **Total** - The clean energy value chain, a new customer journey?

Mr Jerome Schmitt, Senior Vice President, Innovation and Energy Efficiency

10:45 - 11:15 **Break & refreshments**

11:15 - 11:35 **TechnipFMC** - Enhancing the world's energy industry performance

Mr Jean-Marc Letournel, Group Senior Vice President Business and Technology Offshore

11:35 - 11:55 **Subsea7** - Seaway 7: How Subsea7 reinforces its positions for Offshore Renewables

Mr Philippe Gleize, President, Subsea7 France

11:55 - 12:30 Panel discussion and Q&A

12:30 - 13:30 **Luncheon**

Parallel Workshops

Workshop 1: Upstream cleaner energy

Chair: Mr Werner Karlsson, Regional Director, Norwegian Energy Partners

Co-Chair: Mr M. Philippe Perreau

13:30 - 13:50 **Evolen** - Energy efficiency: a recursive approach for minimizing environmental impacts
Mr Jean-Paul Gourlia, CEO **E&E conseil** and President of the Energy Efficiency Committee

13:50 - 14:10 **Schneider Electric** - Greener Oil Strategies for Sustainability and Profitability
Mr Pierre Brooking, KAM Oil & Gas Europe, Global Solutions

14:10 - 14:30 **DNV GL** - Energy transition and the role of Gas
Mr Siamack Atiabi, Senior Business Development Manager

14:30 - 14:50 **French Gas Association** - Innovation in LNG bunkering
Mr Alain Giacosa (Total) President of the LNG platform

14:50 - 15:20 **Break & refreshments**

15:20 - 15:40 **ABB** - Clean Energy Solutions
Mr Henrik Pedersen, Area Sales Manager

15:40 - 16:00 **IFPSchool** - Carbon Capture Utilization and Storage - CCUS Storage Deployment Challenges for France
Mr Jean-Pierre Deflandre, Professor IFPSchool and President of the CCS committee Evolen

16:00 - 17:00 **Workshop adjourned – Cocktail reception and prize drawing**

Parallel Workshops

Workshop 2: Offshore Wind

Chair: Mr Matthieu Monnier, France Energie Eolienne, Head of Industry, Offshore, Tech. Works & Territories

Co-Chair: Mr Jon Dugstad, Offshore Wind Director, Norwegian Energy Partners

13:30 - 13:45 **France Energie Eolienne** - Offshore wind energy in France: state of the art and perspectives
Mr Frédéric Petit, President of the Offshore Committee and member of the FEE's board

13:45 - 14:00 **SINTEF Ocean** - SINTEF research on Offshore Wind
Mr Øyvind Helland, Vice President Research

14:00 - 14:15 **IFPEN** - Presentation of the IFPEN/SBM solution
Mrs Pauline Bozonnet, Project Manager DeepLines Wind project

14:15 - 14:30 **Bureau Veritas** - Offshore Floating Wind Turbine Project Certification
Mr Jonathan Boutrot, Gas and Wind Energy Market Leader
(Offshore Commercial Department)

14:30 - 14:45 **Export Credit Norway** - Competitive Financing of Offshore Wind Projects
Mr Ivar Slengesol, EVP Director of Lending – Industry and Renewable Energy

14:45 - 15:15 **Break & refreshments**

- 15:15 - 15:30 **Aker Solutions** - Industrializing Offshore Wind - the roadmap to zero subsidies
Guillaume Ardoise, Business Development Manager, Principle Power
Eric Johnson, VP Customer Management
- 15:30 - 15:45 **Eolfi** - From the first oceanic floating offshore farm to the first commercial tender in France.
Mr Alain Delsupexhe, President
- 15:45 - 16:00 **SEM-REV** - Owned by Centrale Nantes, SEM-REV has installed equipment at sea and on land for the development and demonstration of full-scale marine renewable energy technology prototypes.
Mr Antoine Félix-Henry, Manager of SEM-REV Offshore Test Site
- 16:00 - 16:15 **Aibel** - Offshore wind from a supply chain perspective – lessons learned from execution of HVDC and Floating WTG projects & thinking ahead
Mr Jan Wigaard, Head of Concept & Studies for Field Development & Offshore Wind
- 16:15 - 17:00 **Workshop adjourned – Cocktail reception and prize drawing**

Evening: Speakers reception hosted by the Norwegian Embassy
– by invitation only

Event prices:

€150 For member of any collaborating organisation

€300 For non-members
