County Governors Network

Share knowledge and exchange information about regional plans and hydrogen strategy, cooperating on projects and public procurement

Finansiert av

Hurdalsplattformen

FOR EN REGJERING UTGÅTT FRA
ARBEIDERPARTIET OG SENTERPARTIET

2021-2025

Political plattform

- ✓ Build a coherent value chain where hydrogen production, distribution and use are developed in parallel
- ✓ Set a target for annual production of blue and green hydrogen by 2030
- ✓ Consider a state hydrogen company
- ✓ Make long-term capital available to the industry

Grants more than 1 billion NOK to three industrial hydrogen projects

**Yara International -
inntil 283 mill. kroner**

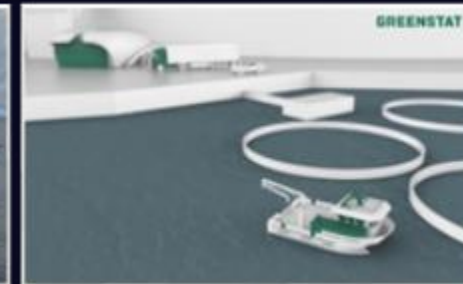

**TiZir Tyssedal - inntil
261 mill. kroner**

**Horisont Energi - inntil
482 mill. kroner**

Enova supports hydrogen projects in the maritime sector with NOK 1.12 billion

- 5 production facilities for hydrogen along the Norwegian coast (NOK 669 million).
- 7 ground-breaking hydrogen- and ammonia-powered vessels (NOK 451.3 million).

Thank you very much for your attention!
